Dear Parents, Staff, Students and Friends of TBS,
Thank you to all those who have completed the parent survey so far. If you have not completed a survey, please do. It is really helpful if we know where parents feel we should focus our attention as we continue to ensure TBS is the best school it can possibly be.

If you are a primary parent (the survey calls this Prep) you can access the survey here and the password is the memorable TBSK74965PARENT. If you are a secondary parent you can access the survey here and the password is the even more memorable TBSK74859PARENT. If a question is not relevant then you can leave it blank (or in some cases select ‘Don’t Know’) and there is an opportunity for open comments at the end of the survey. Thank you in advance for helping us in this way!

Recent & future events
Class pages for parents & sharing information
I encourage all parents to regularly check the class pages and further information pages (links are always on the bottom left of this page). There is information about upcoming events specific to individual classes or subjects that might not necessarily be on the overall calendar on our main website. Class teachers write letters that they email to parents if there are trips, exit or entry points, assemblies or special events (we aim for 2 weeks in advance wherever possible!). We know we are a busy school and the flow of information might be too much at times so please feel you can talk to the teachers at any time to clarify things or email the office managers if you need to book a longer appointment with anyone.

Information for parents in F1 and F2
Following on from the point above, the Foundation 1 and 2 page has a concise summary of the early years curriculum and the way we use tapestry to support children’s progress. Do have a look!

Primary Holi Assembly
The Nepali Sunday School students from primary are working really hard for their upcoming Holi Assembly on 10th March and they would like to invite everyone to attend. Sunday School children have been working hard generally and it is nice to see so many attending the various classes!

Thank you for your hard work and support.

Best regards,

[Signature]
Notice from Admissions Office
If any parents/students are planning to leave Nepal at the end of this term please inform our Admissions Officer, Ms. Manisha Bajracharya if you have not already done so. The ultimate deadline to let us know if your son or daughter is not returning for Term 4 is 10th March 2017. If you also know your family will not be returning to TBS for the 2017-18 academic year please do let us know. The deadline to give us a definite answer is not until half term in Term 4 but it does help our planning to know earlier than this.

Year 8 Charity Week
This week has been Year 8 Charity Week. The week started with a fantastic assembly about 'Education in Nepal' followed by an all day abseil. Mr Priest also bravely had a go! Throughout the week we have had bake sales, coke floats and noodles culminating with the Year 8 Obstacle Race. Thank you to everyone and your support will help fund urgent works at Shree Tika Vidyashram school.

KS3 Football versus National Secondary
Congratulations to the Key Stage 3 girls for a comprehensive victory in their first competitive game. The score was TBS 3 National Secondary School 0. It was a great game and the TBS team work extremely collaboratively. Congratulations to Shahzadi for scoring two goals and to Shivanshi for excellent goalkeeping. The KS3 Boys played simultaneously in another exciting game where TBS created many scoring chances with Joel leading from defence. Final score TBS 3 - National Secondary School 0. Well done to both teams!

Physical Education at TBS
We would like to invite interested parents for a discussion about Physical Education (PE) at TBS on 14th March at 8.20am so that we can incorporate parental views alongside the students’ feedback when we plan for the future. If you would like to join in this discussion, please email my colleague, Ms. Nazma Shakya.

TBS Sports Day
The TBS annual Sports Day was a huge success and many congratulations to all the athletes from Foundation 1 up to Sixth Form who took part throughout the day. There was a fantastic turn-out of supporters and the exciting finishes in many of the sprints and distance races were cheered on loudly from the stands. As we go to press the overall winners of the biggest house event of the year is still undecided as we await final results from the high jump which takes place this week at TBS. Thanks to all who participated, supported and were involved in the running of the day. A special thanks to the tireless ground staff and to the PE team for a fun event! Click here for photos. Read more on our website

Community Science Day
Our TBS Science team organized a Community Science Day for our partner schools. The four-hour workshop was focussed on interactive ways of teaching and simple demonstrations to make science interesting. Participants learnt ways to demonstrate the effect of air pressure by levitating a ping-pong ball or how to boil water with your hands without heating it. The Biology and Chemistry topics included a demonstration about transportation in plants, precipitation reactions and a demonstration to show the effect of acid rain. Well done to the TBS Science department!

Growing up in the Digital Age: Screenagers
TBS parents, teachers and students have been invited to KISC on Monday 20th March at 6pm for a showing of ‘Screenagers’, a film about growing up in the digital age. More details about the film can be found on this website. At the end, the husband of the film’s creator will lead a question and answer session.
