TBS TRAFFIC GUIDELINES for the START and END OF THE SCHOOL DAY

SAFETY MEASURES FOR VEHICLE USERS
The school has a series of safety regulations to ensure that our children are not exposed to unnecessary risk when arriving and departing from the school. It is the responsibility of each parent to comply with these rules and also to impress upon their drivers that rules must be adhered to.

- The school has adopted a one way system around the school to be used from 8.00 to 8.45am and from 2.00 to 4.00pm. Vehicles approaching the school from the North (i.e. from the direction of Summit Hotel) should leave travelling South. Vehicles approaching from the South (i.e. from the direction of Jhamsikhel Chowk) should also leave travelling South. Please see map.

- Turning towards North/right (i.e.towards the school gates) from the school car park is strictly forbidden.

- Drivers should not drop off their passengers at the school gate and should instead park in the car park and children/parents/etc should use the walkway to enter school. Dropping off at the gate blocks the gate and car park entrance and causes difficulties for those arriving by foot or on a bicycle and for other drivers.

- At all times every care should be taken when reversing vehicles. It is impossible to see small children walking behind a vehicle.

- Parents should be extremely vigilant and ensure children remain on the footpath and/or cross the road safely.

- Please show respect to the car park monitors and follow their instructions.

- All cars wishing to use the car park must have a TBS sticker. Please ask the guards for a copy of the application form.

- Please do not ride bicycles in the school grounds. We would like cyclists to slowly enter the main gates and dismount safely in the area in front of the red and white barrier.

- There is a fine of up to 5000NRs if the rules are not followed. We also reserve the right to prevent repeated offenders from using the car park.

- Good manners, driving etiquette, common sense and politeness as well as adherence to the guidelines are expected from all car park users.
