10th January 2022

Dear Parents,

## Move to Online Learning

We have just received confirmation from the Ministry of Education, Science and Technology that schools will not be allowed to have all of their students on campus from tomorrow, Tuesday January 11th until January 29th. They have taken this decision on the advice of the CCMCC in order to slow the spread of COVID-19 and allow students over 12 years of age to be vaccinated. We will therefore offer online learning from tomorrow.

As per the official notice, we will be able to continue to hold exams and therefore all Y13 students will be permitted in school all day tomorrow for their exam preparation. We will be in touch with other exam year groups tomorrow about their schedule however Wednesday's Chemistry exam will take place as scheduled for Y12's. Lessons for FS1 to Y12 will be online tomorrow while we process the specific details contained in the MOEST order. We are currently awaiting more official details and once we have these we will be able to tell you more about what will happen for the rest of the week.

We apologise for any inconvenience and we will continue to support all of our students and parents as much as possible during the online learning period. You will receive more details from the Primary and Secondary teams regarding online learning for tomorrow.

Yours sincerely

Caro Drumm
