Dear Parents and Carers,

IGCSE Option Choices

We are pleased to let you know that we are now in a position to invite our Year 9 students to select their final option choices for the IGCSE courses that will begin in August.

The option combinations that we have made available have been strongly guided by the responses to the student survey that was taken following the online options' evening. Based on that feedback and bearing in mind other practical and operational factors, some of the subjects that were initially surveyed to gather student interest will not run. Nonetheless we feel that from the selection of subjects on offer, students are able to choose a robust and diverse programme that will be balanced and will allow them to keep a multitude of pathways available for future study in Sixth Form.

Students have been sent this [form](#) on which they have been asked to select one subject from each of the option blocks shown below. Please note that if Single Sciences are selected in Block A, Single Sciences **must** also be selected in Block B.

Block A	Block B	Block C	Block D	Block E
Single Sciences	Single Sciences	Art	Business Studies	Chinese
Coordinated Science	Drama	Computer Science	Design Technology	French
	Physical Education	Music	Geography	Spanish
	Psychology		History	

In addition to the subjects above, all students will study Mathematics, English Language and English Literature and participate in core (non-assessed) Physical Education.

If you have any queries, please do not hesitate to email me hknowles@tbs.edu.np.

Yours Sincerely
Ms Hilary Knowles
Assistant Head
