Dear Parents and Carers,

FOBISIA Games (2022-23 academic year)

After two years without the FOBISIA Games, plans are in place to hold them next academic year. FOBISIA games have been a long standing tradition in the TBS community and we are very excited to be offering this opportunity again. This letter is to gauge early student interest in attending the games.

We are an inclusive school and therefore all students are eligible to show their interest in participating in the FOBISIA games. However, there are limits on the number of students each school can take so prior to the event we will run trials to ensure each child's suitability for such a competition. Following these trials, we will send out invites for those students who we believe are ready to meet the demands of this opportunity. Student commitment plays a large part in this opportunity and as such, these students will be invited to specific FOBISIA Games clubs to prepare with their coaches. The cost of the trip will be dependent on flight availability and prices.

The provisional dates for the FOBISIA Games will be as follows:

U15's: 1st - 4th November 2022
U13's: 19th - 23rd February 2023
U11's: 1st - 5th May 2023

Participating in the FOBISIA Games is an excellent opportunity for students to gain a positive experience of competition, enjoy an international sports meeting, make new friends, appreciate cultural diversity and take away long lasting memories, as well as encouraging the development of important life skills. These games are multi-sports events which include swimming, athletics, football and basketball.

The Games has changed location and will now be held in Pattana Sports Resort, information about the new location is in this link: [Pattana Sports Resort](#)
