2nd November 2023

Dear Parents and Carers,

World Languages at TBS (Parent Information Session)

We would like to invite you to a parent information session on **Tuesday 7th November at 8.40 am** to share information about the structure and content of our languages provision at TBS.

At TBS we recognise that a strong sense of linguistic and cultural understanding has continued benefits for us all. Studies have shown that language-learning provides an effective way of improving brain function, memory and concentration. Students who practice and pursue language-learning develop their curiosity, questioning and communication along with their pattern identification skills and attention to detail. They also gain a better understanding of real-world problems and the world in general.

In this session we will share the ways in which we support languages in school as well as sharing advice on how you can support your child at home. The session will take place in the secondary library, running for approximately 30 minutes and will consist of a presentation from our Head of Languages Ms Marston as well as a chance to ask questions. If you are planning on attending, please complete [this form](#).

We look forward to seeing you all there,

Yours Faithfully,

Ms C Williams
Academic Assistant Head
