23rd August 2024

Dear Parents and Carers,

Re: Proposed secondary residential trips for the academic year 2024 25

To help with planning your child's commitment I would like to take this opportunity to share with you all our proposed residential trips for the academic year 2024 25. Please be aware that not all of these trips are confirmed trips yet and all the trips that are charged to parents will be subject to viable numbers of students committing to the trips. However this is a full list of residential trips that we currently intend to offer this year, both optional (yellow) and curriculum (green). Please see the Optional Trip FAQ booklet for more details on these educational visits.

Further details together with an invitation to register for these educational visits will be sent out closer to the time.

Please contact myself or Mr Palmer if you are have questions about the proposed trips for the year

Your sincerely,
Mr. Christopher Draper
Head of Secondary
