4th June 2025

Dear Parents and Carers,

Key Stage 3 Language Options

Students entering Year 7 have the option to choose their preferences for which two World Languages they study throughout Key Stage 3. Now that Year 6 have completed taster sessions and learnt more about the options process during Transition Week, we would like to confirm their final choices in order to organise provision for next academic year.

It is important to consider that Nepali is not available as a GCSE option, therefore for students choosing Nepali, their other language choice would become their IGCSE language upon starting Key Stage 4.

We cannot move students once they have made their final choices, therefore we encourage them to discuss their choices with you at this stage to avoid any future disappointment.

Please complete this form by **Friday June 6th** to confirm your child's final language options.

We will try to give all students their first two choices of language, however, we ask for a third option should there be a combination we are unable to offer.

Yours Sincerely
Amy Fallon
Head of World Languages Faculty
