3rd September 2026

Dear Parents and Carers.

Clothes and Toys Drive for Flood Relief

In light of the recent floods in Nepal, we will be holding a clothes and toy donation drive to support affected communities across the region. The items collected will be given to Warming Hearts, an organisation working directly with affected children around Uttargaya Betrawati Bazaar. This will happen alongside our other donations requested for emergency packs. Beginning Friday, 4th September 2026, designated and clearly labeled collection boxes will be placed at the front of the school site.

How You Can Help:

- Clean Clothes: Donations of clean clothing suitable for all ages (infants, children, and adults) are greatly appreciated.
- Sorting Assistance: If possible, please bag clothing separately for Adults (Male and Female) and Children (Male and Female). Sorting your items beforehand significantly speeds up our distribution efforts.
- Toys: We are also collecting toys in good, undamaged condition to bring comfort to young children impacted by the flooding.

Every contribution, no matter the size, makes a meaningful difference to families currently rebuilding their lives. Thank you as always for your immense generosity, compassion, and continued support of our local community.

Warm regards,

The British School Staff
